Consideration of the question of having a joint function by the City and the Station Municipalities to present addresses to His Excellency the Governor-General of India, during his visit to Bangalore

The President, Municipal Commission, at the outset explained that he communicated the views of the Commission expressed at their last meeting to the Government in connection with the above subject, and read his letter to the Chief Secretary and the reply of the Chief Secretary thereto. After a discussion the Commission reiterated unanimously their view against a joint function.

Resolved that it is regretted that Government have not thought fit to accede to the desire of this Municipal Commission for a separate function in spite of the views expressed by them and the reasons furnished in the letter of the President to afford an opportunity for a separate function. They wish to reiterate their views against a joint function and request that Government may see their way even now to give half an hour at least to this Municipal Commission for according a civic reception to His Excellency the Governor-General. If this is not considered possible and the reply from the Chief Secretary is to be considered as final, they are compelled with deep regret to resolve to deny themselves the pleasure of according a civic reception to His Excellency the Governor-General on the occasion of His Excellency's visit to Bangalore.

separate entity for long, the present opportunity of giving a civic reception to a Governor-General might not recur again As this would be the last of such functions so far as this Municipality was concerned a chance for a separate function may kindly be accorded

5 Secondly in view of the long association of the Civil Station with the Government of India, it would only be appropriate that the Station Municipality is given an opportunity to give an independent reception and to present an address to His Excellency the Governor-General, especially since such opportunities have been given in the past

6 Another point urged was that at the joint function the number of invitations to be issued would be limited and it would not be possible to invite all the persons in the Civil Station that will have to be invited As the Civil Station invitees alone would be nearly 2,000 a joint function cannot be undertaken as there would be confusion

7 In the circumstances I request that the wishes of the Municipal Commission in this regard may kindly be met and the civic reception to the Governor-General by the Municipal Commission, Civil Station, included in the programme as a separate item

8 I request that orders of Government may kindly be obtained and communicated early to enable me to proceed with the arrangements.

Yours Sincerely

6th April 1948.

Dear Mr Vedanayagachariyar,

Visit of His Excellency the Governor-General to Bangalore

I enclose a copy of the resolution passed unanimously by the Municipal Commission, Civil Station, Bangalore, at a special meeting held on the 6th April 1948.

2 At the outset I explained to the Commission that in view of the fact that His Excellency Lord Mountbatten would be arriving in Bangalore on the evening of the 27th April and leaving the next morning, it was inevitable that public functions have to be reduced to the barest minimum I added that in the circumstances Government desired a joint function to be arranged at an agreed place at which both the City and Civil Station Municipalities could present separate addresses The unanimous wish of the house however was that for the reasons explained below, a separate function should be arranged by the Municipal Commission in the Civil Station

3 The reasons which weighed with the Commission in arriving at their decision are explained below

4 In the first place it was pointed out that inasmuch as the Civil Station Municipality would not continue to be a

Municipal Commission's resolution dated the 6th April 1948 (Special Meeting).

The President, Municipal Commission, said that the special meeting was convened to formulate proposals in connection with the ensuing visit of His Excellency the Governor-General of India, to Bangalore on the 27th April 1948 He explained that he had an informal talk with the President of the City Municipal Council, and that in view of the short time, which His Excellency would be having during his stay here, it would be advisable to have a joint function of the City and Station Municipal Commission at the Victory Hall, both the Municipalities presenting separate addresses.

In the discussion that ensued many members of the Commission spoke on the disadvantage of a joint celebration, and finally it was decided unanimously to have an independent function to be celebrated at the Municipal Office, Civil Station

Resolved that the Municipal Commission of the Civil Station of Bangalore, do present a civic address at the Municipal Offices, Civil Station, to His Excellency the Governor-General of India, on the occasion of his visit to Bangalore on the 27th instant and that Government be requested to include this item in the programme of H E the Governor-General.

It is also resolved that a sum not exceeding Rs 2,000/- be spent for the expenses of the function

11th April 1948.

With reference to your letter dated 6th April 1948 and in confirmation of the telephone conversation I had with you to-day I am desired to state that as H.E. the Governor General will be arriving at Bangalore late in the evening on the 27th instant there will be no time to have two functions for presentation of addresses by the Municipal Council, Bangalore City and the Municipal Commissioner, Bangalore Civil Station. In the circumstances, it will have to be a joint function as originally contemplated.

The Civil Station Municipal Commission will doubtless appreciate the fact that a separate and individual function by them is out of the question due to the time factor. In case the Municipal Commission agree to the suggestion of a joint function, a copy of the address proposed to be presented may be sent so as to reach me <u>mu'dam</u> definitely before 3 P.M to-morrow the 12th April 1948.

I am to request the favour of a reply from you early to-morrow to finalise the programme.
